

PAMPERING AND SHOPPING

Tour Code: INS-MN31

Duration: Half day

An excellent half day tour at the end of your trip to Myanmar starting (or ending) with a lunch at Sharky's restaurant – a local entrepreneur who is growing organic vegetables and producing locally made French style cheeses, ham and other delicious treats. A 1 hour foot massage is what you deserve after a long trip through Myanmar and afterwards our specially selected shopping guide will bring you to whatever shop you'd like to find your final souvenirs to bring home, whether it is shopping for a longyi (local sarong), umbrellas, old books, gold leaves, a contemporary painting or even a trishaw (bicycle taxi)– our specialist knows where to find it!

The rest of the day the car and guide are available for additional visits until 6 pm if desired.
